

DIVISION K - DEPARTMENT OF STATE, FOREIGN OPERATIONS, AND  
RELATED PROGRAMS APPROPRIATIONS ACT, 2016

In implementing this agreement, Federal departments, agencies, commissions, and other entities are directed to comply with the directives, reporting requirements, and instructions contained in H. Rept. 114-154 (House report) accompanying H.R. 2772 (House bill) and S. Rept. 114-79 (Senate report) accompanying S. 1725 (Senate bill) as though stated in this explanatory statement, unless specifically directed to the contrary. This explanatory statement, while repeating some House and Senate report language for emphasis or clarification, does not negate such language unless expressly provided herein. In cases in which the House and Senate reports provide contradictory directives or instructions that are not addressed in this explanatory statement, such directives or instructions are negated. In lieu of the tables contained in the House and Senate reports, the tables contained in this explanatory statement shall guide departments, agencies, commissions, and other entities when allocating funds.

The Act modifies section 7019 of the House and Senate bills and requires that amounts designated in the respective tables referenced in this explanatory statement for funds appropriated in titles III through V shall be made available in such designated amounts and shall be the basis of the report required by section 653(a) of the Foreign Assistance Act of 1961 (FAA) (the 653(a) report), where applicable. Section 7019 also includes limited authority to deviate from such specified amounts. In addition, the Act modifies section 7015 of the House and Senate bills to clarify reprogramming and notification requirements for funds made available by this Act. Proposed deviations from tables in title I of this explanatory statement are subject to section 7015.

For the purposes of this Act, the term “regular notification procedures of the Committees on Appropriations” shall mean such Committees must be notified not less than 15 days in advance of the initial obligation of funds, and the term “reporting procedures of the Committees on Appropriations” shall mean a report must be provided to such Committees not more than 90 days after the conclusion of fiscal year 2016.

Section 7076(e) of this Act directs the Department of State and the United States Agency for International Development (USAID) to submit congressional budget

justifications (CBJs) concurrent with the date of submission of the President's budget for fiscal year 2017, and the appendices of such CBJs shall be provided not later than 10 calendar days thereafter. Such CBJs shall include justifications for multi-year availability for funds requested under Diplomatic and Consular Programs and Operating Expenses. The Department of State, USAID, and other agencies are directed to include in CBJs the information included in the Introduction of the Senate report under Congressional Budget Request and Justifications on reimbursement agreements, the Economy Act, working capital funds, office closures, and representation expenses, as applicable.

The Department of State, USAID, and other agencies funded by this Act are directed to notify the Committees on Appropriations of:

- (1) reprogrammings of funds, as required by sections 7015 and 7019 of this Act, at the most detailed level of the CBJ, this Act, or explanatory statement;
- (2) significant departures in funding from the CBJ or the 653(a) report to be submitted 30 days after enactment of this Act; and
- (3) commitments requiring significant funding and staffing in future fiscal years.

When submitting notifications for funds made available in title III of this Act pursuant to the requirements of this Act or the FAA, the Secretary of State and the USAID Administrator, as appropriate, are directed to indicate when funds will be provided to a trust fund of an international financial institution, as defined in section 7034(r)(3) of this Act. The Secretary of State and USAID Administrator are further directed to follow the guidance contained in the Senate report regarding notifications required for internal reorganizations. In addition, CBJ documents, and operating and spend plans, shall not suffice for purposes of satisfying special notification requirements contained in this Act.

In lieu of the directives to the Government Accountability Office (GAO) contained in the House and Senate reports, this explanatory statement addresses matters on which the House and Senate concur and action by the GAO is requested. The Act includes directives for GAO under Millennium Challenge Corporation and under sections 7039(e), 7043(b)(4), and 7077(c)(3).

(MCC), the President of the Export-Import Bank, and the President and CEO of the Overseas Private Investment Corporation (OPIC) are directed to comply with the records management directives in section 7077(c) of this Act, where appropriate, including the report required by paragraph (2), with the exception of clauses (iii) and (vi) of subparagraph (B).

As in prior fiscal years, additional funding designated as Overseas Contingency Operations/Global War on Terrorism (OCO/GWOT) pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985 (BBEDCA) is contained in title VIII of this Act. Such funds are intended to address the extraordinary costs of operations and assistance overseas, particularly in the Middle East, South Asia, and Africa; security, stabilization, and peacekeeping programs; humanitarian activities; and counterterrorism and counterinsurgency efforts.

Such justification shall also contain the reason for the site selected, including how the selected location is expected to improve training capacity and effectiveness commensurate with the estimated cost of constructing, operating, maintaining, and sustaining FASTC at such location, the projected cost of construction, and the timeline for completion. The Secretary of State, in coordination with other Department and agency heads, as appropriate, is directed to pursue options to reduce the impact of any job losses that may result at existing training sites when FASTC becomes operational.

The Act continues the authority in section 504 of Public Law 95-426 related to the Arctic region and supports the participation of American indigenous communities in the Arctic Council, as recommended in the Senate report.

The agreement includes \$12,000,000 for the Office to Monitor and Combat Trafficking in Persons for support of activities and directives described in the House and Senate reports, including for additional staff to reduce the country workload of regional analysts and improve the expertise of in-country personnel. Prior to the submission of the operating plan required by section 7076(a) of this Act, the Secretary of State is directed to consult with the appropriate congressional committees on the planned allocation of funds and new positions provided to such office for fiscal year 2016.

The agreement includes sufficient funds for an additional two positions for the Bureau of Intelligence and Research above the fiscal year 2015 enacted level, if authorized in fiscal year 2016.

The Secretary of State is directed to continue to include information on the Working Capital Fund in the operating plan required by section 7076(a) of this Act and reprogramming notifications for funds made available under this heading.

The agreement designates \$12,000,000 for Conflict Stabilization Operations (CSO) under this heading in this title, of which up to \$1,000,000 may be for overseas response. - Sec. 7074. Enterprise Funds*
- Sec. 7075. Use of Funds in Contravention of this Act*
- Sec. 7079. Disability Programs*
- Sec. 7080. Impact on Jobs in the United States*

The Act includes a provision to allow support by the Export-Import Bank of the United States and OPIC for coal-fired and other power generation projects in International

Development Association (IDA) and IDA-blend eligible countries. This provision is expected to increase affordable electricity, especially to those without current access to electricity, as well as to support increased exports from the United States and prevent the loss of United States jobs.

The following general provisions are new or substantively modified from the fiscal year 2015 Act (division J of Public Law 113–235):

*Sec. 7004. Diplomatic Facilities (Modified)*

The Act does not include the limitation and reporting requirement regarding the relocation project for the United States Embassy to the Holy See that was included in the House bill. The project met the conditions in prior Acts and was completed at the end of fiscal year 2015. Not later than 45 days after enactment of this Act, the Secretary of State is directed to submit to the Committees on Appropriations a final report on the project, including the cost, security improvements, and current staffing levels.

*Sec. 7006. Local Guard Contracts (Modified)*

The Act modifies the expanded one-year authority in the Senate bill to require notification of the appropriate congressional committees each time the Secretary of State exercises the authority for a United States diplomatic facility not deemed high threat and high risk. The notification required by this section shall include a justification for covered awards, an explanation of why the use of Lowest Price Technically Acceptable (LPTA) basis award is not appropriate, and an estimated cost comparison between awarding such contract on a best value basis as determined by a cost-technical tradeoff analysis instead of on the basis of LPTA.

*Sec. 7009. Transfer Authority (Modified)*

*Sec. 7015. Notification Requirements (Modified)*

The Act modifies subsection (a) to require notification when specified changes occur in programs, projects, and activities. Paragraph (4) applies to domestic and overseas bureaus, centers, and offices, and paragraph (5) is not intended to require a notification for duties performed by personal services contractors. The term “previously notified” includes changes that have been specifically noted in a CBJ.

Subsection (b) is modified to require notification of any reprogramming of funds that results from changes specified in this subsection.

Subsection (c) is modified by deleting the reference to Conflict Stabilization Operations, which is subject to the notification requirements in subsection (a) and (b), and by including Assistance for Europe, Eurasia and Central Asia.

*Sec. 7019. Allocations (Modified)*

The agreement modifies language in section 7019 of the House and Senate bills. Amounts specifically designated in tables in this explanatory statement for funds appropriated in titles III through V that are applicable to the 653(a) report shall be included in such report. The revised section 7019 also provides that funds appropriated in the Act under titles III through V shall be made available to meet specifically designated amounts in such tables and may only be deviated from by 5 percent. Deviations from specifically designated amounts in excess of 5 percent are only authorized for specific circumstances enumerated in the Act and are subject to prior consultation and notification.

For specifically designated amounts in tables that are also included in the 653(a) report, any deviation from such specifically designated amounts are not authorized until submission of such report. For example, a specifically designated amount of \$4,500,000 in the Economic Support Fund table in this explanatory statement for assistance for a country must be contained in the 653(a) report. However, after submission of such report, a deviation of up to 5 percent from \$4,500,000 is authorized. A deviation in excess of 5 percent may only take place to respond to specific circumstances enumerated in the Act and is subject to prior consultation and notification. For a specifically designated amount, such as \$7,000,000 for a program in the Development Assistance table, which would not be reflected in the 653(a) report, deviations authorized by subsection (b) may take place prior to submission of such report. Nothing in the revised section 7019 may be construed to authorize a deviation from a designated funding level in the Act containing a “shall”.

*Sec. 7028. Local Competition (Modified)*

*Sec. 7029. International Financial Institutions (Modified)*

*Sec. 7031. Financial Management and Budget Transparency (Modified)*

Subsection (d) does not include the reference contained in the Senate bill to section 1504 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Public Law 111-203; 124 Stat. 2220) because the Securities and Exchange Commission has not yet published final regulations under such law.

*Sec. 7032. Democracy Programs (Modified)*

The Act provides \$2,308,517,000 for democracy programs, of which \$312,963,000 is directed for Africa. The Act modifies language proposed in the Senate bill regarding appropriate mechanisms for democracy promotion.

To clarify and standardize the use of such mechanisms, subsection (f)(1) requires the development of guidelines for the use of contracts versus grants and cooperative agreements for the unique objectives of democracy programs. The Secretary of State and the USAID Administrator are directed to consider funds appropriated for democracy programs under the following headings: Development Assistance; Transition Initiatives; Complex Crises Fund; Economic Support Fund; Democracy Fund; Assistance for Europe, Eurasia and Central Asia; and International Narcotics Control and Law Enforcement. This subsection excludes NED and its core institutes.

The development of such guidelines is intended to assist democracy officers worldwide with designing programs that properly reflect the objectives of democracy programs and the purposes to be achieved, as well as assist contracting and agreement officers in selecting the most appropriate mechanism for democracy programs, consistent with sections 6303 through 6305 of title 31, United States Code. In preparing such guidelines, the Department of State and USAID should consider the roles and responsibilities of each agency in promoting democracy abroad, in accordance with the explanatory statement accompanying division J of Public Law 113-235.

Subsection (f)(2) requires USAID to continue to implement programs that recognize the unique benefits of using grants and cooperative agreements in the civil society and political competition and consensus building sectors, which include the following subsectors: civic participation; media freedom and information; political parties; consensus building processes; and election and political processes.

The Secretary of State is directed to submit the report required by subsection (g)(2) of the Senate bill (regarding training) in the manner described.

Not less than 30 days after enactment of this Act, the Secretary of State is directed to submit the report required under the explanatory statement accompanying division J of Public Law 113-235, regarding the coordination of democracy programs.

The agreement endorses the directive in the Senate report that NED, Department of State, and USAID regularly consult with one another regarding their democracy and human rights activities.

*Sec. 7033. International Religious Freedom (New)*

The agreement endorses language in the Senate report regarding programs to combat anti-Semitism abroad.

*Sec. 7034. Special Provisions (Modified)*

The Secretary of State is directed to include the appropriate congressional committees in the consultation requirement incorporated by reference in subsection (b)(3).

Subsection (b)(4) includes funding directives for forensic assistance. Not later than 90 days after enactment of this Act, the Secretary of State is directed to consult with the Committees on Appropriations on the use of such funds.

For the purposes of the report required by subsection (b)(7), the Secretary of State is directed to include the specific countries and military services that received assistance and the amounts and purposes of such assistance.

Subsection (d)(6) includes new, limited authority for the provision of innovation incentive awards, similar to that proposed in the Senate bill. The USAID Administrator is directed to report to the Committees on Appropriations every six months on the use of such authority.

In carrying out the PVS pilot program required by subsection (e), the Department of State and USAID are directed to include a direct vetting option that does not require prime awardees to collect, verify, or submit sub-awardee data. The Department of State and USAID should ensure that all individuals vetted through such pilot are able to obtain information on how data is used by the United States Government. The report following the completion of the PVS pilot program shall include recommendations for standardizing

and streamlining vetting processes; consideration of exemptions for humanitarian and democracy assistance; analysis of privacy and data protection concerns; a description of consultations with governmental and nongovernmental stakeholders affected by the pilot program; and responses to concerns raised during such consultations. Prior to the completion of the evaluation and consultation with the Committees on Appropriations, USAID and the Department of State are directed to refrain from implementing similar vetting systems in countries outside the designated PVS pilot program unless required to respond to existing security threats. The Committees on Appropriations shall be consulted prior to beginning new vetting programs or implementing changes to the existing vetting programs.

Subsection (q) provides \$45,000,000 for the Small Grants Program and makes certain modifications to such program, including providing authority for additional administrative and oversight costs that may include increases in the number of Locally Employed Staff. The USAID Administrator is directed to continue the consultation and reporting requirements for the Small Grants Program in section 7080 of division J of Public Law 113-235 for fiscal year 2016.

Subsection (r) does not include the definition proposed in the Senate bill for the term “best practices” for the protection of whistleblowers. For purposes of sections 7029, 7048, and 7058 of this Act, such term shall mean practices that are implemented consistent with terms specified in international conventions or adopted by international organizations such as the Organization for Economic Cooperation and Development and the Organization of American States.

*Sec. 7041. Middle East and North Africa (Modified)*

The Act withholds from obligation 75 percent of assistance made available for each of the central governments of El Salvador, Guatemala, and Honduras unless the Secretary of State certifies and reports that such government is taking effective steps to meet certain requirements, and requires the Secretary to suspend assistance for such central government that has not made sufficient progress in meeting such requirements. Such withholding and any suspension of funds should apply to each country individually, so that the failure of one country to meet the requirements does not adversely affect another.

The agreement provides \$7,500,000 for a United States contribution to the International Commission Against Impunity in Guatemala (CICIG), and provides the authority to obligate funds made available for the Central America Regional Security Initiative after consultation with, and subject to the regular notification procedures of, the Committees on Appropriations to support international commissions against impunity in Honduras and El Salvador, if such commissions are established. judicial proceedings and appropriately punished if convicted; (2) the Government of Colombia is upholding its international obligations by holding accountable persons responsible for crimes against humanity, war crimes, and other gross violations of human rights, and is not offering amnesty to such persons; and (3) the Government of Colombia is continuing to dismantle illegal armed groups, taking effective steps to protect the rights of human rights defenders, journalists, trade unionists, and other social activists, and respecting the rights and territory of indigenous and Afro-Colombian communities.

The Secretary of State, in coordination with the Attorney General, is expected to continue to work with the Government of Colombia to extradite fugitives wanted by the United States, in accordance with applicable agreements between the two countries.

Such funds shall be made available on a cost-matching basis to the maximum extent practicable in order to sustain the commitment of the Government of Colombia to counternarcotics programs and are subject to the regular notification procedures of the Committees on Appropriations.

Haiti.—The agreement does not include language in the Senate bill regarding assistance provided to the Haitian National Police. The Secretary of State and the USAID Administrator, as appropriate, are directed to take appropriate steps to ensure that such assistance made available by this Act for the Government of Haiti is not controlled by, or otherwise under the influence of, any private organization or individual.

*Sec. 7071. International Monetary Fund (Modified)*

*Sec. 7072. Special Defense Acquisition Fund (Modified)*

*Sec. 7073. Countering Foreign Fighters and Violent Extremist Organizations (New)*

The Act includes language similar to that contained in the House and Senate bills regarding security threats and challenges posed by foreign fighters, violent extremists, and violent extremist organizations.

For the purposes of this section, the term “violent extremist organization” means a foreign organization that, pursuant to United States law, is determined to be an organization that engages in terrorist activity (as defined in section 212(a)(3)(B) of the Immigration and Nationality Act), including an organization that is designated by the Secretary of State as a foreign terrorist organization under section 219 of such Act.

For the purposes of subsection (a)(2) the term “de-radicalization” includes rehabilitation and reintegration programs.

Not later than 90 days after the enactment of this Act, the Secretary of State, in consultation with the heads of other relevant Federal agencies, as appropriate, is directed to submit to the appropriate congressional committees an assistance and cooperation strategy for programs to implement the objective described in subsection (a), in classified form if necessary, which shall include a description of: (1) the specific goals and objectives for such programs, and an explanation of the methodology to be used in determining such

goals and objectives, on a country-by-country and programmatic basis, and in establishing baselines for determining programmatic success; (2) the coordinating mechanisms between agencies to improve program efficiency and effectiveness; (3) the coordinating mechanisms for programs to counter terrorism and violent extremism; and (4) the procedures and mechanism for end-use monitoring, vetting procedures, and oversight of security sector and civilian assistance made available to implement the strategy.

The Secretary of State shall submit the proposed funding levels for programs described under paragraphs (a)(1) and (2) concurrently with the 653(a) report.

Congressional notifications submitted pursuant to subsection (c)(3) shall indicate the specific goals and objectives to be supported through the proposed obligation of funds.

*Sec. 7076. Budget Documents (Modified)*

The Act modifies subsection (a) to clarify that certain funding level changes to programs, projects, and activities that are included in operating plans are subject to notification requirements.

The regional security initiatives to be addressed in the spend plans required by subsection (b)(1)(B) shall include: the Caribbean Basin Security Initiative; the Central America Regional Security Initiative; the Trans-Sahara Counterterrorism Partnership; the Partnership for Regional East Africa Counterterrorism; the West Africa Regional Security Initiative; the Global Peace Operations Initiative, including Africa Contingency Operations Training and Assistance; the African Peacekeeping Rapid Response Partnership; the Africa Conflict Stabilization and Border Security program; the African Military Education Program; the Africa Maritime Security Initiative; the Security Governance Initiative; the Africa Regional Counter-Terrorism Fund; the Counterterrorism Partnerships Fund; the Regional Security Initiative; the Africa Capacity for Immediate Response to Crisis; and the Southeast Asia Maritime Security Law Enforcement Initiative.

*Sec. 7077. Reports and Records Management (New)*

The Act does not include language in the Senate bill regarding the termination of reports. The Department of State and USAID are directed to provide a list of obsolete reports proposed to be terminated during fiscal year 2017, and such list should be limited

to reports under the jurisdiction of the Subcommittee on State, Foreign Operations, and Related Programs or reports required by prior appropriations Acts.

Subsection (c)(1)(A) is not intended to prohibit the funding of Department of State or USAID cloud server capabilities.

The GAO shall submit the completed assessment required under subsection (c)(3) to the Secretary of State, the USAID Administrator, and the Committees on Appropriations.

*Sec. 7078. Global Internet Freedom (Modified)*

The Secretary of State should prioritize Internet freedom programs that seek to counter restrictive Internet laws and policies, including working with local civil society organizations to support policies to promote Internet freedom, in countries with governments that have adopted, or are considering, laws or policies that restrict Internet access and content.

Funds in the Act for Internet freedom programs are allocated according to the following table:

**INTERNET FREEDOM**  
[Budget authority in thousands of dollars]

Account	Budget Authority
Democracy Fund (Department of State)	13,000
Economic Support Fund	14,275
<i>Near East Regional Democracy</i>	<i>[9,000]</i>
Assistance for Europe, Eurasia and Central Asia	4,725
Democracy Fund (USAID)	3,500
International Broadcasting Operations	15,000
<b>Total, Internet Freedom</b>	<b>50,500</b>

*Sec. 7081. Country Focus and Selectivity (New)*

The Act includes language modified from the Senate bill regarding country focus and selectivity. The intent of this provision is to decrease country dependency on United States foreign assistance and to encourage self-sufficiency through programs to strengthen economic development, security, and stability. However, bilateral and security assistance

to certain countries serve abiding strategic purposes, and a transition plan for such a country should acknowledge this interest.

Subsection (a) requires a transition plan in any country assistance strategy developed after the date of enactment of this Act, and such plan should identify end goals and options for winding down bilateral economic and security assistance. The Secretary of State, in consultation with the USAID Administrator, is directed to develop and distribute guidelines to appropriate personnel for implementation of this subsection.

The Secretary is directed to consult with the Committees on Appropriations prior to initiating a targeted transition on the country selection process, the proposed period of transition, and the percentage reduction in new obligations.

*Sec. 7082. United Nations Population Fund (Modified)*

The Act does not include the following general provisions from the fiscal year 2015 Act (division J of Public Law 113–235), which have been discontinued or combined with other sections: sections 7010, 7056, 7061, 7064, 7065, 7072, 7080, 7083, 7084, 7085.
